On all portfolio landlord applications we will require to see:

Portfolio assessment

We will assess the overall portfolio at a notional rate of 5.5% and will apply the following approach:

Portfolio ICR Approach at 5.5%

Above 125%	Case can proceed
Above 120%	If the total Portfolio LTV is below 75% the case can proceed. If the total Portfolio LTV is above 75% we'll assess the liquidity of the portfolio. We may request additional information where relevant to support our decision.
Above 110%	We'll assess the liquidity of the portfolio. We'll review other assets declared by the client to ascertain if they can support servicing outside of the portfolio. We may request additional information where relevant to support our decision.
Below 110%	At underwriter's discretion

Helping with portfolio cases and multiple applications

If you are submitting a portfolio landlord case, just upload their property portfolio spreadsheet to our online portal and we will do the rest.

If you are making multiple applications for the same client, you only need to input the first case; just send us the details of all subsequent applications and we will key in the information for you.

And if you have another case for the same client within 6 months, we will simplify the underwriting process, with no need for a new portfolio assessment.

HMO and MUFB criteria

Definition (HMO)

In England & Wales a HMO is defined as a property rented out by at least 3 people who are not from 1 'household' (e.g. a family) but share facilities such as the bathroom and kitchen.

CCJs: 0 in last 60 months

Missed mortgage/secured payments: 0 in last 36 months.

Unsecured arrears: No more than 2 in last 36 months.

Bankruptcy: No history of bankruptcy or IVA.

Valuation

For HMOs of up to 6 rooms and all MUFB properties, the valuation is based upon the vacant possession value only and not the investment yield. For HMOs of 7 rooms or more, the valuation is based upon the investment value. Retypes are not accepted.

Minimum valuation

£300,000 in London (excl. rest of the UK).

£150,000 for rest of UK (excl. London).

Maximum number of units in any one MUFB property cannot exceed 6.

Fees and charges

Product fees

Product fees can be added to the loan and are included in our affordability calculations.

Legal fees

For a limited time, we will contribute towards the legal costs for standard property, standard conveyancing cases (excluding HMOs, MUFBs, title splits, lease extensions, transfer of equity and any other nonstandard conveyancing work).

- Where dual representation is used, we will pay the standard legal fee as per the detailed scale + VAT. This excludes ancillary fees and other disbursements, which must be paid by the borrower.
- Where separate representation is used, we will pay for our solicitors' standard legal fees + VAT. Borrowers will need to cover any ancillary fees and other disbursements, and will be required to pay their own solicitors' fees.

Any cases requiring additional legal work will not qualify for this scheme.

Dual representation

LendInvest offers a panel dual representation solution to clients as standard, and we recommend its use. Dual representation reduces the time from offer to completion by an average of 18 days compared with separate representation.

Separate representation

If the borrower wishes to use their own solicitor they may do so provided that the firm of solicitors acting for them is registered with the Law Society and has a minimum of 3 SRA approved managers (none of whom must be struck off). A solicitor with 2 SRA approved managers accredited with the Law Society's Conveyancing Quality Scheme (CQS) is also acceptable.
